

ÖLFLEX® CONNECT

Systems Solutions Made by LAPP

ÖLFLEX® CONNECT

brings our brands together as system solutions for you

-  **ÖLFLEX®**
Power and control cables
-  **UNITRONIC®**
Data communication systems
-  **ETHERLINE®**
Data communication systems
for ETHERNET technology
-  **HITRONIC®**
Optical transmission systems
-  **EPIC®**
Industrial connectors
-  **SKINTOP®**
Cable glands
-  **SILVYN®**
Protective cable conduit systems
and cable carrier systems
-  **FLEXIMARK®**
Marking systems

Just one of our solutions for you

First we listen. Then we engineer.

At LAPP, we have the technical expertise to assemble the world's most complex cable systems. But we always begin by listening to your specific needs and developing together with you.

Our experts work closely with you to develop precisely those solutions which you require – from preassembled single conductors to complete cable systems ready to be installed, from standard cables which have been optimised to meet your specific requirements to highly specialised custom products which have been designed and developed to your exact specifications by our technicians and engineers.

A partnership that puts you ahead

With LAPP as a partner, you can concentrate on what you do best – your core business. Our employees provide you with engineering know-how along the entire value-added chain, thereby cutting costs and increasing the quality of the connection technology in your products.

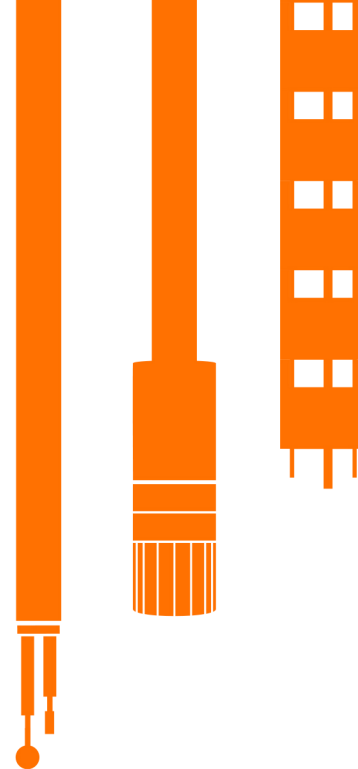

Overall, you are more competitive because we offer an efficient production process, guarantee fast delivery times, and take on storage and logistics services, which means the products and systems are ready for implementation immediately. In other words, you're safe in the knowledge that you can count on an experienced and strong partner.

You may not see us, but we're everywhere

All across the world, you'll find LAPP's cable assembly solutions in a whole host of locations – from ancient monuments and modern departure lounges, to the newest container cranes and the largest wind turbines.

Our technology and products work tirelessly behind the scenes, powering diverse industries, institutions and infrastructure, and touching every facet of life.

Discover how ÖLFLEX® CONNECT can reliably drive your business, the way it connects the world.

We've got you covered

Whether you need custom cable assemblies, servo cable assemblies for motion application or a populated cable chain, we have one-stop solutions for all your cable systems requirements.

ÖLFLEX® CONNECT CABLES

Cable Systems made by LAPP

For over 30 years, our dedicated and highly qualified team of engineers, technicians, sales and service personnel have been coming up with customised assembled cable solutions – from the design phase to the creation of the prototype, right through to production and quality control.

Our comprehensive inventory of cables, connectors and accessories, that we have developed in our portfolio, enables us to respond quickly and flexibly to your requirements – from ad-hoc to large-scale projects. We have state-of-the-art system solution assembly sites around the world.

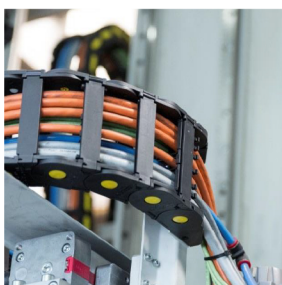

ÖLFLEX® CONNECT SERVO

Servo Systems made by LAPP

As a leading manufacturer of assembled servo cable systems, we offer all popular servo standards for use in industrial areas. Besides conventional assemblies we also offer you a smart alternative with our innovative Core Line.

With international manufacturing excellence, we produce the assemblies in our own facilities across the world. Our tight knit global network ensures high availability of stocks and a consistent quality.

ÖLFLEX® CONNECT CHAIN

Chain Systems made by LAPP

When it comes to assembled drag chains, you can benefit from our extensive know-how and many years of experience. Our system engineers know our components right down to the smallest detail, but also have an in-depth understanding of your application.

There is space in even the smallest chain – and our specialists have an exact knowledge of all product specifications and make sure that everything runs perfectly for your application. Put your trust in innovative, reliable and highly efficient cable chain solutions from a single supplier.

Our presence in Asia

PARTNER WITH LAPP TODAY

LAPP's long-standing expertise in designing and building a wide range of cable assemblies and our extensive product range combines to offer a wide scope of services. Partner with us today.
